The WAVE Collection

We are delighted to introduce the latest seating range to be included in the MAS portfolio. The WAVE collection, designed by Tekhne, is a new range of Italian contemporary seating for use in hotels, restaurants, clubs, bars and reception areas. Chiefly for contract use, the collection combines strength and durability with characteristic elegance. The range includes armchairs, tub chairs and sofas, together with dining chairs and an extremely stylish bar stool.

The WAVE seating collection has shaped horizontal and vertical elements in solid beech, which lend distinction to each product, from the armchair to the stool. The frames are covered with CMHR foam and then upholstered in either fabric or leather, offering the ultimate in comfort. The distinctive lines of the WAVE collection epitomize style and simplicity, synonymous with Italian design.
